Holed, torn, stained, odd socks — all of it. What cannot be worn again is turned into insulation and cleaning cloth. Clean and dry is the only condition.

STILL GOOD? PASS IT ON

Clothes in wearable condition are worth more to a charity shop or a give-away than to the bank. The bank is for what no one would choose to wear.

DÉCHÈTERIE

Bulky soft furnishing — mattresses, duvets, pillows, carpet — and anything soaked in chemicals

GREEN BIN — TRASH

Textiles that are wet, mouldy or contaminated. Damp spoils everything else in the bag, so a wet load is a wasted load.

CHARITY

Leather goods are also taken directly by associations, marked A in the SMECTOM memo

BEFORE YOU
DROP IT IN

Bagged and closed. A 50 litre bag at most, so it fits the hatch.

Dry, always. One wet item ruins the whole bag.

Item list from **SMECTOM du Plantaurel — Mémo Tri 2026**. Handling rules are the national French sorting instructions. Colours match **our bin lids** — yellow recyclables, green trash, blue glass — not the mémo's own legend, which colours glass green and paper blue.
